Navigators

Supported by Grace (Home Church) since 1984

Dave & Karen both came to Christ through the Navigators ministry in college and joined their staff in 1977. The Andersons went to Grace when they moved to Normal to lead ISU's Navigators ministry from 1984-1989.

They then moved to Taiwan to fill the role of National Director for the East Asia Team to plant the work of the gospel and disciple-making there. In 2009 they moved to Kuala Lumpur, Malaysia, to be part of the leadership for the Asia Pacific Region. They will soon be working on planting a team of staff in Bangkok that will target the Thai Buddhist educated and professional mainstream. They will continue to help coach the leadership team in East Asia that came to take their place in January 2011. They are also helping to build the leadership team in Mongolia.
