International Messengers; River of Life Ministries

Supported by Grace (Home Church)
since 2005

Tom and Marion became actively involved with International Messengers in the fall of 2003, went as short-term missionaries to the River of Life in spring of 2004, and joined full time staff in July of 2004. They serve as support staff for the River of Life Ministry in Cornesti, Romania. Tom and Marion spend some time in Romania, with the majority of time in the states representing the River of Life Ministry.

When in Romania, they are often leading and caring for the team and helping in the ministry activities in which the team is engaged. In the states, their role as support staff includes sharing the ROL vision with churches, groups, & individuals, working with those preparing to go to ROL, training teams, and facilitating the newly formed River of Life Team. River of Life targets the needy and under-served people of Romania through programs such as the Elder Day Care Program, Summer Camps and the Care Home for needy women and their children who have no other place to go.
