Navigators

Supported by Grace Church since ~1979

Both from Webster City, IA, Larry & Cheryl married while at Univ. of Northern Iowa, where they were involved with Navigators, graduating in 1971. They served with Navigators beginning in 1973 in IA and IL (at ISU, then in Carbondale at SIU) before they took an assignment to China and Taiwan from 1986 to 2002.

The McCoskeys' goal is to develop a reproducing disciple-making ministry among the ethnic Chinese in the Univ. of Iowa environment. Our hope is to see Chinese return to their homes equipped to share their faith in Christ. To accomplish this we network among Chinese students, evangelize, disciple, mentor and hold large and small group events. We work with another staff couple locally and with a number of Christians in the community who share a vision for reaching internationals for Christ. We also relate loosely to a Navigators ethnic focus group and are officially part of The Navigators International Student Ministry.
